
Z-STICK TAPE SPECIFICATIONS

RUBBER TREADS AND FLOORING

Z109

Zandur Z-Stick adhesive tape is a reinforced high strength polyester thread double sided adhesive tape system. It is designed for use installing Zandur treads and risers as well as Zandur Sustain and Flex floor tile where permitted. Use of this product is discouraged where treads are butt together (left to right) or on the top tread if it meets up with other resilient flooring products.

Roll Dimensions Available:

1" X 164'
